

Cyber Insurance Readiness

Pay less. Stay covered. Prove it to your insurer — and your board.

Cyber insurance renewal is a negotiation — and right now your insurer holds the cards. Every “no” on your due diligence questionnaire inflates your premium. Every untested control you attest to risks a denied claim after an incident. CyberShield Corporate gets you renewal-ready: a costed security improvement roadmap to negotiate your premium down, and the evidence discipline to keep your coverage valid.

LOWER PREMIUMS

Costed, board-ready improvement projects for every questionnaire gap — ammunition for premium negotiations.

VALID COVERAGE

Know every obligation buried in your policy, and the sub-limits and exclusions that decide what actually pays out.

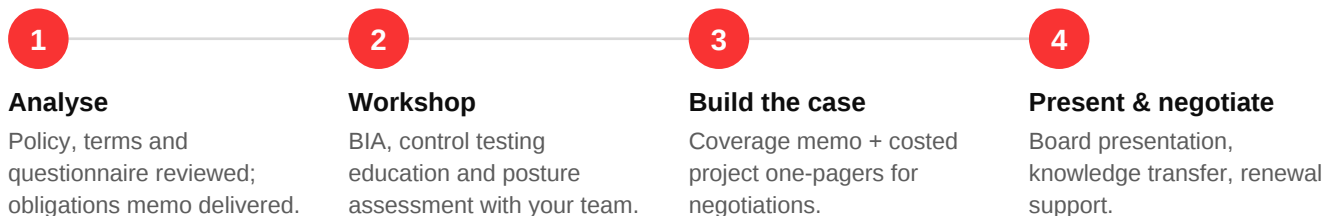

NO NASTY SURPRISES

Attestations backed by real control testing evidence — so a claim isn't denied for misrepresentation.

What the engagement delivers

- **Policy Obligations Assessment**
Every obligation in your policy identified, with gap recommendations you can action.
- **Policy Coverage Assessment**
Sub-limits, aggregates and exclusions analysed against your real business impact.
- **Security Posture Assessment**
Assessed against CSA's CCM Lite — 91 foundational controls mapped to ISO, NIST and CIS.
- **Questionnaire completion support**
Answer the insurer's due diligence questionnaire accurately and defensibly.
- **Business Impact Analysis workshop**
Key processes, systems and disruption costs documented — the basis for right-sized cover.
- **Premium-reduction project one-pagers**
Costed initiative per questionnaire gap: actions, timeline, indicative architecture.
- **Control testing education workshop**
GRC best practice for your IT team: frameworks, sample sizes, evidence retention.
- **Knowledge transfer & board presentation**
Your team upskilled, and outcomes presented directly to your board.

How it works — 3 months, renewal-ready

Independent

No vendor deals. No products to sell. Advice in your interest only.

Senior-led

25+ years' experience. Big 4 background. Board-room credible.

Fast & focused

5 consulting days over ~3 months. Built to land before renewal.

Renewal is closer than you think. Start the conversation today.
